

# Paolo Debuque (he/him)

full-stack software engineer

Minneapolis, MN • (612) 229-8000 • [pdebuque@gmail.com](mailto:pdebuque@gmail.com) • [pdebuque@github.com](https://github.com/pdebuque)

## profile

Systems thinker with a strong drive for excellence and a passion for making complex ideas and structures clear, accessible, and beautiful. As a full-stack software engineer and classically trained conductor, I have one foot solidly in both the artistic and analytical camps of thinking and bring a holistic mindset to all that I do.

## projects

### MN Women's Press Content Manager

<https://github.com/pdebuque/MN-Womens-Press-CM>

- Full-stack content management system to manage story creation/development, contact 'rolodex', and archive of past publications and themes.
- Built custom React components for flexible use across the application.

## experience (*cont.*)

### 2022-present - **founder/artistic director**

#### REQUIEM: A Concert for Gun Reform

- Organized, produced, and conducted a benefit concert that raised over \$3k for gun reform efforts in the state of Minnesota.
- Over three weeks, recruited a 70-voice semi-professional chorus.
- Forged partnerships with violence prevention organizations across the Twin Cities.

### 2018-2021 - **Head of Performing Arts**

#### International School of Minnesota

- Directed, programmed, and served as primary instructor for upper school music classes and extracurricular offerings.
- Radically reimagined and modernized performing arts programming to improve student interest and engagement.
- Examples include Songwriting and Music Production class with modern audio production technologies, All-school events like Tapestry variety show and Halloween concert to improve school-wide participation and visibility, and Senior Showcase as a capstone project for high school seniors.

### 2017-2019 - **founder/artistic director 2017-2019**

#### //meridian vocal ensemble

- Conceived and developed the artistic direction, vision, and mission of the ensemble.
- Collaborated with composers, performers, venues, and financial stakeholders to deliver two seasons of professional concerts.
- Led grant writing, fundraising, and outreach efforts that secured a 2017 EXCEerator fellowship and a year-long residency at St. Mary's Student Parish in downtown Ann Arbor.
